horses - whatever  
their needs

## EQUINE TOTAL HEALTH CARE PLAN

### What does the Equine Total Health Care Plan Provide?

The following elements apply to all our Equine Total Health Care Plan members on an annual basis:

- Booster vaccinations with influenza and tetanus vaccines, as appropriate for your horse
- A twice yearly routine examination to include the following\*\*
  - Physical appraisal
  - Clinical examination of heart, lungs, eyes and skin with report
  - Examination of horse at walk and trot
- Full dental examinations and teeth rasp\*
- A faecal worm egg count and an individual worming programme for your horse
- Twelve months wormers as per your individual worming programme
- Annual forage/diet analysis and advice
- Visit charges associated with the above are included in the plan (two visits per year)
- Flexibility of payment – the opportunity to pay for the plan in one annual lump sum or twelve monthly instalments by Direct Debit
- 5% discount for any additional veterinary care required outside the plan\*\*\*
- 5% discount for those requiring a primary vaccine course\*\*\*
- Discounts available for horse owners who enrol more than one horse to the plan

\* The dental examination does not include major dental correction or sedation required for particularly unwilling horses

\*\* Please note that the routine examination does not constitute a full vetting

\*\*\* Discount applies providing accounts are settled in accordance with our terms and conditions of payment
